MUNSELL'S
ALBANY DIRECTORY

AND
CITY REGISTER,

FOR
1854.

ALBANY:
J. MUNSELL, 78 STATE STREET.
1854.

NOTICE.

The publisher has the satisfaction to say, that his Directory contains nearly three thousand more names than any previous volume, which is an indication that the canvassers have done their work thoroughly. The number of names and firms is about 14,000. In doing penance for the errors and omissions that occur, for which he is always held responsible, whether justly or not, he desires to enlist a little more attention on the part of the citizens, towards getting themselves correctly located in the Directory, in order that some of the mistakes that attend such publications may be obviated, and the labors and liabilities of the canvassers greatly abridged. This may be done by leaving slips in the care of servants or their families, to be handed to the canvassers, with all the names that should appear in the Directory, plainly written out.

WANTED,

The Albany Directory for 1816. One Dollar will be paid for a copy of that year. Also, Directories of the years 1813, 14, 15, 16, 17, 19, 21 and 26, are worth 50 cts. each, at this office, if in good condition.

ECONOMY IS THE ROAD TO WEALTH!

If you would save your

M O N E Y

you would do well to call and buy your Boots and Shoes at the

LOW PRICE SHOE STORE,

No. 40 South Pearl St.,

Where you will find constantly on hand the largest and best selection of Men's, Boys', and Youths' Calf, Kip and Thick Boots, and Brogans, of all sorts and sizes; Ladies' Gaiters, Slippers and Buskins; together with a good assortment of Misses' and Children's Shoes, and Rubbers of all kinds.

Expeience has taught hundreds and thousands that they can save their money by buying their Boots and Shoes at the

LOW PRICE SHOE STORE,

and experience is the basis of all real knowledge. To see and to feel is to know, and that which is seen and known must not be contradicted.

☞ The man that keeps the best Goods and sells them the cheapest, will not only get the most customers, but do the best business.

MOTTO:

Small Profits, Quick Sales, and No Credit.

Incorporated under the Laws of the State of New York.

AMERICAN SOAP CO.,

No. 94 State Street, Albany,

MANUFACTURERS OF

AMERICAN CREAM SOAP,

Laundry. Manufacturers', Toilet, Shaving Cream,
Cream Soap Preparation, Transparent Soap,
and other Varieties.

AMERICAN SOAP COMPANY,

No. 94 STATE STREET,

ALBANY.

J. H. CONLY & CO.,

Proprietors.

NOTICE.

Premium awarded at the late Fair of American Institute.

Copy Right secured under the laws United States, A. D. 1851.

**Health, Time, and Money saved, Labor lessened, and
Fuel entirely dispensed with.**

The advantages derived from the use of our Soaps are too numerous to be given in this notice. They do the work of the Laundry WITHOUT BOILING and in COLD WATER, either HARD or SOFT, or SALT, by rubbing the Soap upon the clothes when dry and allowing them to soak for a short time, then with a slight hand rubbing and good rinsing they will be perfectly clean and beautifully bleached without injury to the most delicate fabric. For removing grease, stain, ink, etc., they have no equals; as cosmetics, they are invaluable, and will prevent or remove cutaneous eruptions, cure chapped hands, and impart to the skin a soft, pleasant feeling and delicate appearance.

Every style warranted as represented.

W Y L I E ,

LATE SAMSON'S,

ORIGINAL DUNDEE WAREHOUSE,

Cor. of South Pearl and Division Sts.,

Is now opened, with an extensive, carefully selected and entirely
new stock of seasonable

IMPORTED AND DOMESTIC DRY GOODS,

bought for Cash, and direct from the Manufacturers.

The late A. Samson, Esq., was well known to the inhabitants of Albany and the surrounding country as the original projector of the DUNDEE WAREHOUSE, and the first to introduce certain styles of English Goods, hitherto unknown in this market. We have now perfected arrangements with the manufacturers in England, to furnish us with a constant supply of the same Goods which we are enabled to offer in greater variety and Cheaper than ever!

We continue business on the same system pursued by him, viz,

Quick Sales, Small Profits,

AND

NO DEVIATION FROM FIRST PRICES!

which are invariably placed at the lowest cash figure, in order to DEFY ALL COMPETITION! We therefore solicit a continuance of the patronage so liberally bestowed upon us the past season, by our friends and the public at large, assuring them that no effort will be wanting to satisfy all tastes.

JOHN K. WYLIE,

(Nephew of the late A. Samson,)

ORIGINAL DUNDEE WAREHOUSE,

No. 40 South Pearl, cor. of Division Street,

RATES OF POSTAGE ON LETTERS.

The Inland Postage for 3000 miles or under upon single letters, is 3 cents when prepaid, and 5 cents when not prepaid; double letters are charged twice, and treble letters, treble these rates.

Every letter or parcel not exceeding half an ounce in weight, shall be deemed a single letter, and every additional weight of half an ounce or less shall be charged with an additional single postage.

Drop letters for delivery only, 1 cent.

Advertised letters, to be charged with 1 cent, in addition to the regular postage.

ON PRINTED PAPERS.

All newspapers published weekly only, shall circulate in the mail free of postage within the county where published, and the postage on the regular numbers of a newspaper published weekly, not exceeding $1\frac{1}{2}$ oz in weight, when circulated in the state where published is $3\frac{1}{4}$ cents; semi-weekly, $6\frac{1}{2}$ cents; tri-weekly, $9\frac{3}{4}$ cents; six times a week $19\frac{1}{2}$ cents; daily $22\frac{3}{4}$ cents. Newspapers and periodicals, of the weight of three ounces and under, sent to any part of the United States, double those rates. Upon every other newspaper, and each circular not sealed, hand-bill, engraving, pamphlet, periodical, magazine, book, and every other description of printed matter, of no greater weight than three ounces, the postage is 1 cent, and 1 cent for every additional ounce, prepaid; if not prepaid, double those rates.

The Postage on Letters by the British or American Steamers, to England, Ireland and Scotland, is 24 cents a single rate, to be prepaid or not. Letters paid less than 24 cents are considered unpaid. Newspapers 2 cents each, to be prepaid.

By the American line to Bremen, correspondence to the German States and countries East and South of them, can be prepaid or left unpaid; postage 10 cents a single rate to Bremen. Newspapers to be prepaid, 2 cents each.

California—6 cents prepaid; 10 cents unpaid, the single rate. Letters must be prepaid to Havana, 10 cents; Chagres and Panama, 20 cents a single rate. Newspapers prepaid, 2 cents each.

Letters for Canada, can be prepaid, or not; the postage is 10 cents per rate. Letters paid less than 10 cents are considered unpaid.

Letters for the Southwest coast of South America, must be prepaid, Chili, Bolivia, Ecuador, 48 cents. Peru, 32 cents. Newspapers, 8 cents each, to be prepaid.

Letters for France must in all cases be prepaid. If sent by British Steamer, 5 cents; Collins, 21 cents; Havre line, 20 cents. Newspapers, 2 cents each, prepaid.

TRAVELING ROUTES.

The time of arrival and departure of the trains are so frequently altered, that their insertion here would often mislead the traveler. We therefore give directions to the depots of the different lines.

HUDSON RIVER RAIL ROAD.—Leave Albany from foot of Maiden lane, for New York and intermediate places every day of the week.

HOUSATONIC RAIL ROAD.—For Bridgeport, New Haven and New York and Way Stations on the Housatonic Rail Road. Passengers leave East Albany every morning (Sundays excepted), by the Western Rail Road, intersecting the Housatonic at the State line.

NEW YORK CENTRAL RAIL ROAD.—Trains will leave the Depot of the New York Central Rail Road Company, corner of Maiden Lane and Dean street, all days of the week for Buffalo and intermediate places.

ALBANY AND BOSTON RAIL ROAD.—Passenger trains leave the corner of Maiden Lane and Dean street, every day except Sundays.

HARLEM RAIL ROAD.—Office at the corner of Maiden Lane and Dean stret.

ALBANY NORTHERN RAIL ROAD.—From Albany to Eagle Bridge; trains daily from the corner of Steuben and Water streets.

HUDSON RIVER STEAM BOATS.—Two boats leave for New York every evening except Sundays, from the Steam Boat Landing, on the arrival of the Western trains.

There is also a morning line of Boats leaving the Steamboat Landing at 7 o'clock for New York every Tuesday, Thursday and Saturday.

The P. G. Coffin leaves the Pier below State street bridge every day, except Sunday, for Catskill and intermediate landings.

The Mazeppa runs every day between Albany and Poughkeepsie, stopping at the principal landings, and making the trip down and back in two days.

COURTS.

ALBANY COUNTY COURT.—Meets 1st Tuesday in each month at the City Hall (except the month of August). The terms for the months of January, March, May, June, October and November, are law terms, at which no jury is required.

COURT OF SESSIONS.—Meets 1st Tuesday of February, April, July, September and December.

A. D. Robinson, Judge.

Hamilton Harris. District Attorney.

Robert Harper, Clerk.

Wm. D. Morange, Deputy Clerk.

ALBANY MAYOR'S COURT.—Meets second Wednesday of January, March, May, July, September and November, at City Hall,

William A. Young, Recorder and Judge.

Robert Harper, Clerk.

SPECIAL SESSIONS.—Meets on Tuesday of each week, at City Hall.

William A Young, Recorder and Judge.

Robert Harper, Clerk.

ALBANY JUSTICES' COURT.—Over Centre Market, corner of Howard and South Pearl streets. Court every day, at 9 o'clock, A. M., Sundays and Holidays excepted.

Justices.—David Russell, Henry P. Nugent and William C. Schuyler.

POLICE COURT.—Over Centre Market. Open daily.

Justices.—John O. Cole, and S. H. H. Parsons.

COUNTY OFFICERS.

Albert D. Robinson, County Judge.

LAWS

RELATING TO THE CITY OF ALBANY.

An Act to amend "An act to incorporate the Young Men's Association for Mutual Improvement in the city of Albany," passed March 12th, 1835. Passed April 4, 1853.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

§ 1. The second section of the act to incorporate the Young Men's Association for Mutual Improvement in the city of Albany, passed March 12, 1835, is hereby amended, so as to read as follows:

§ 2. The control and disposal of the funds, property and estate, and the direction and management of the concerns of the said corporation, shall be vested in an executive committee, to consist of a president, the first, second and third vice-presidents, the corresponding secretary, recording secretary, the treasurer, and ten managers of the said corporation, who shall be elected annually to their respective offices by such of the members of the said association as are or may be entitled, by the by-laws, to vote at such elections for any officer of said association, unless he shall have been a member thereof, and shall have paid his dues in full, at least fifteen days prior to said annual election.

§ 3. This act shall take effect immediately.

An Act to provide for the care and instruction of idle and truant children. Passed April 12, 1853.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

§ 1. If any child, between the ages of five and fourteen years, having sufficient bodily health and mental capacity to attend the public schools, shall be found wandering in the streets or lanes of any city or incorporated village, idle and truant, without any lawful occupation, any justice of the peace, police magistrate, or justices of the district courts in the city of New York, on com-

plaint thereof by any citizen on oath, shall cause such child to be brought before him for examination, and shall also cause the parent, guardian or master of such child, if he or she have any, to be notified to attend such examination. And if, on such examination, the complaint shall be satisfactorily established, such justice shall require the parent, guardian or master to enter into an engagement in writing, to the corporate authorities of the city or village, that he will restrain such child from so wandering about, will keep him or her on his own premises, or in some lawful occupation, and will cause such child to be sent to some school at least four months in each year, until he or she becomes fourteen years old. And such justice may, in his discretion, require security for the faithful performance of such engagement. If such child has no parent, guardian or master, or none can be found, or if such parent, guardian or master refuse or neglect, within a reasonable time, to enter into such engagement, and to give such security, if required, such justice shall, by warrant under his hand, commit such child to such place as shall be provided for his or her reception, as hereinafter directed.

§ 2. If such engagement be habitually or intentionally violated, an action may be brought thereon, by the overseers of the poor or either of them, of such city or village, in the name of the corporate authorities thereof, and on proof of such habitual or intentional violation, the plaintiff shall recover therein a penalty of not more than fifty dollars, with costs. And thereupon, the magistrate or court before whom such recovery shall be had, shall, by warrant, commit such child to the place so provided for his or her reception, as aforesaid.

§ 3. The corporate authorities of every city and incorporated village shall provide some suitable place for the reception of every child that may be so committed, and for the employment of such child in some useful occupation, and his or her instruction in the elementary branches of an English education, and for his or her proper support and clothing. Every child so received shall be kept in such place until discharged by the overseers of the poor or the commissioners of the alms-house of such city or village, and may be bound out as an apprentice by them or either of them, with the consent of any justice of the peace or any of the aldermen of the city, or any trustee of the incorporated village where he may be, in the same manner, for the same periods, and subject to the same provisions in all respects, as are contained in the first article and fourth title of the eighth chapter and second part of the Revised Statutes, with respect to children whose parents have become chargeable on any city or town.

§ 4. The expenses of providing and maintaining such place for the reception, clothing, support and instruction of such children, shall be defrayed in the same manner as charges for the support of

paupers chargeable upon such city or village; and the corporate authorities of every city and village shall certify to the board of supervisors of the county, at their annual meetings, the amount necessary for said purposes, which amount the said supervisors shall cause to be levied and collected as part of the taxes for the support of the poor, chargeable to such city or village.

§ 5. It shall be the duty of all police officers and constables, who shall find any child in the condition described in the first section of this act, to make complaint to a justice of the peace, as provided in said section.

§ 6. The fees of justices for services performed under this act shall be the same as allowed by law in cases of vagrancy, and shall be paid by the city or village in which they were rendered.

§ 7. This act shall take effect immediately.

An Act to incorporate the Albany and New Baltimore Ship Canal and Basin Company. Passed April 12, 1853.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

§ 1. All persons who shall become subscribers to the stock of the corporation hereby created shall be and are hereby constituted a corporation, by name of The Albany and New Baltimore Ship Canal and Basin Company, for the purpose of constructing, maintaining and managing a ship canal, with all the necessary or proper basins, locks, docks, wharves, piers and other works or appendages connected therewith, on the west side of the Hudson river, from some suitable point on the said river, at or near the south bounds of the city of Albany, to some other suitable point on said river, at or near the village of New Baltimore.

§ 2. The capital stock of the said company shall be one million of dollars, with liberty to the directors to increase the same from time to time, as they may deem necessary for the completion or improvement of their works, to an amount not in all to exceed three millions of dollars. The said stock shall be divided into shares of one hundred dollars each. Books of subscription therefor shall be opened under the direction of the directors, subject to such regulations as they may prescribe; and no subscription shall be received unless the subscriber at the time of subscribing, shall pay to the directors ten per cent on the amount of stock subscribed by him.

§ 3. The provisions of the fifth, sixth, seventh, eighth, tenth and eleventh sections of the act entitled, "An act to authorize the formation of rail road corporations, and to regulate the same," passed April 2, 1850, except so far as the fifth section thereof is modified by the next section of this act, are hereby made applicable to the corporation hereby created.

§ 4. The directors of the said company shall be fifteen in num-

ber; and Eli Perry, William V. Many, Erastus Corning, John Townsend, Lansing Pruyn, Orlando Meads, Visscher Ten Eyck, James D. Wasson, Robert H. Pruyn, William E. Bleecker, Robert Boyd, John N. Wilder, Samuel H. Ransom, William W. Forsyth and John B. James shall, in case they become subscribers to the said stock, be the first directors of the said corporation, and shall hold their offices until the first annual election after this act shall take effect, and until others shall be chosen in their stead.

§ 5. In addition to the powers conferred on corporations, in and by the third title of chapter eighteen of the first part of the Revised Statutes, the said corporation shall have power:

1. To cause such examinations and surveys, for the said ship canal, basins and other works, to be made as may be necessary to ascertain the most advantageous route and manner of constructing and maintaining the same; and for that purpose, by its officers and agents, to enter upon the lands and waters of any person, but subject to responsibility for damages which shall be done thereto.

2. To purchase, acquire, hold and use in fee simple or otherwise all such real estate, streams, water-rights and other property as may be required and be necessary for the construction of a ship canal and basin, as herein next specified.

3. To make, construct and forever maintain a ship canal or slack water navigation, of suitable width, depth and dimensions, to be determined by the directors, for the passage and accommodation of ships, steamers and other vessels, on the west side of the Hudson river, from some suitable point on the said river, at or near the south bounds of the city of Albany, to some other suitable point of communication with the said river, at or near the village of New Baltimore; and also for the use, convenience or protection of the said canal, or of the vessels navigating the same or the business connected therewith, to construct and maintain suitable locks, toll-houses, embankments, basins, piers, wharves, side-cuts, docks, dams, culverts, feeders, waste-wiers and other necessary or convenient works, buildings and grounds connected therewith; but nothing contained in this act shall be deemed to authorize the said corporation to encroach upon, obstruct or in any way interfere, by any of its works, with the navigation of the present main channel of the said river.

4. To establish and collect such rates of toll and charges as the directors may, from time to time, deem proper, subject to any modifications and restrictions which may hereafter be made by the legislature, upon all ships, steamers, sloops, boats or other vessels or craft of any kind or description entering or using the said canal, locks or basins; and upon all articles of produce, manufacture, trade or merchandise which shall enter or be conveyed or transported in, upon or through the said canal, locks or basins; and

also to establish and collect such rates of dockage, wharfage and basin and lot charges as the directors may, from time to time, deem proper, from all vessels or persons occupying or using any of the basins, docks, wharves, slips, piers or other works or grounds of the said company.

5. To adopt, and from time to time change, as the directors shall see fit, all such rates and regulations which shall not in anywise be inconsistent nor in conflict with the revenue of the United States, as they may deem proper, for the management of the said ship canal, locks, basins, piers and other works connected therewith, and for the regulation of all vessels or persons entering or using the same, and as to the time, place and manner of the payment and collection of such tolls, dockage, wharfage and other charges on vessels, merchandise, or persons subject thereto, and to prescribe penalties for the violation of any such rules and regulations, and the toll collectors or other persons authorized by the company for that purpose may prevent any vessel or merchandise from entering or leaving the said canal, or any basin, lock or passage leading thereto, or works or grounds connected therewith, until the amount of all lawful tolls, dockage, wharfage or other charges shall have been fully paid; and the said company, by its officers or agents, is hereby authorized to take and use all necessary means to keep the entrance, ways and passages leading to the said canal and the said locks free and clear from any obstruction by vessels or otherwise.

6. The said company shall be at liberty to divide the banks, piers, wharves, docks and grounds, connected with or adjacent to its said canal, basin and other works, into such lots and parcels as the directors may deem expedient, and to sell, convey or lease the same, or any temporary or qualified right or interest therein, not inconsistent with the proper use and maintenance of the said canal and basin, upon such terms, condition or reservations as the directors shall deem proper; and the proceeds of any such sales and conveyances, or so much thereof as may be necessary, shall be applied to the payment of any indebtedness of the said company for the construction or improvement of the said canal, and the works connected therewith; nothing herein contained shall be construed to authorize the said company to purchase or hold any lots or real estate except such as may adjoin the said canal, wharves, docks, piers, basins, feeders or reservoirs.

7. From time to time to borrow such sum of money as may be necessary for completing and finishing the said ship canal, basins and other works hereby authorized, and to issue and dispose of its bonds to any amount so borrowed, and to mortgage its corporate property and franchises to secure the payment of any debt contracted by the company for the purposes aforesaid; and the directors may confer upon the holder of any bond issued for money borrowed as aforesaid the right to convert the principal due or owing

thereon into the stock of the said company, at any time not exceeding ten years from the date of the bond, under such regulations as the directors may see fit to adopt.

§ 6. In case the said company shall not have otherwise acquired the title to any real estate, streams or water rights required for any of the purposes of its incorporation, it shall have the right to acquire title thereto in the manner and by proceedings to be conformed in substance to the special proceedings, so far as the same are applicable, by which rail road corporations are authorized to acquire title to real estate under the provisions of the said act entitled "An act to authorize the formation of rail road corporations, and to regulate the same," passed April 2, 1850; and the provisions of the fifteenth, sixteenth, seventeenth, eighteenth, nineteenth, twentieth, twenty-first, twenty-fifth and twenty-sixth sections of the said act shall, for the purposes of this act, be deemed to be so modified and extended as to apply to the acquirement of title to any real estate, streams or water rights, or any right or interest therein required for the purposes of the corporation hereby created, and to authorize such corporation by means thereof to acquire and become vested with all the right, title and interest of any person or persons who shall be made parties to such proceedings; and the Supreme Court shall have all the power, in respect to any such proceedings on the part of the said corporation, and the commissioners of the land office and the county and town officers shall have all the powers in respect to making grants of real estate, streams or water rights required for the use of the said corporation as they respectively have, by the provisions of the above entitled act, in respect of grant of lands to the rail road companies therein mentioned.

§ 7. The said corporation may, within sixty days previous to commencing such proceedings as aforesaid to acquire the title to any real estate, streams or water rights, required for the purposes of its incorporation, file in the clerk's office, of the county in which the same may be situated, a notice containing a brief description of any such real estate, streams or water rights which it purposes to acquire, and stating in effect that it intends to acquire the same or some right or interest therein by the special proceedings authorized by this act; and it shall not be necessary for the said corporation to make any person a party to such proceedings who shall have acquired his title or interest subsequent to the filing of such notice; but such proceedings may be had and taken against the person or persons who held such title or interest at the time of filing such notice, and shall be effectual to transfer to and vest in the said corporation all the right, title and interest which shall have been subsequently acquired or derived from any person or persons who held the same at the time of filing such notice, and who shall be made parties to such proceedings; but any person acquiring or having such subsequent or other right or interest, and

who has not been made a party, may apply and procure himself to be made a party in form to such proceedings, but shall be bound by all proceedings which have been had previous to his becoming such party.

§ 8. If the said corporation shall not, within three years after this act shall take effect, begin the construction of the said canal and works, and expend thereon ten per cent on the amount of its capital, or shall not finish the said canal and locks, so as to admit of the regular passage, of vessels through the entire length thereof, within six years from the time of this act taking effect, its corporate existence and powers shall cease.

§ 9. The legislature may at any time alter, modify or repeal this act or any of the provisions contained therein.

ELECTION DISTRICTS.

I Ward.—One Election District.

II Ward.—One Election District.

III Ward.—Two Election Districts. All that part of the ward lying east of Green street, is called the Eastern District; west of Green street, the Western District.

IV Ward.—Two Election districts. All that part of the ward lying east of Pearl street is called the Eastern District; west of Pearl street the Western District.

V Ward.—Two Election Districts. All that part of the ward lying east of Pearl street is called the Eastern District; west of Pearl street, the Western District.

VI Ward.—One Election District.

VII Ward.—One Election District.

VIII Ward.—Two Election Districts. All that part of the ward lying north of Patroon street, is called the Northern District; south of Patroon street, the Southern District.

IX Ward.—Two Election Districts. All that part of the ward lying east of Dove street, is called the Eastern District; west of Dove street, the Western District.

X Ward.—Two Election Districts. All that part of the ward lying east of Dove street, is called the Eastern District; west of Dove street, the Western District.

CORPORATION LAWS.

A law for the Preservation of the Public Health, and the Prevention of Nuisances in the City of Albany. Passed March 20, 1854.

The Mayor, Aldermen and Commonalty of the City of Albany, in Common Council convened, do Ordain as follows:

SECTION 1. It shall not be lawful for any person or persons to erect or construct any block or row of buildings, intended for, or to be used as dwellings, on any lot, piece, or parcel of ground within the fire limits in the city of Albany, fronting upon any private lane, court, or alley, unless such lane, court, or alley is of the width of twenty-five feet, and paved, with a suitable drain therein connecting with the public drain in the street upon which said lot is situated.

SECTION 2. The terms "block or row of buildings," in the above section mentioned, shall be taken and construed to apply to any buildings, continuous or otherwise, extending over thirty feet from the line of any street.

SECTION 3. Any person or persons violating this ordinance, shall be liable to pay a penalty of \$25 and costs in an action therefor, in the name of the chamberlain; and a further penalty of \$25, for each day that any such building or buildings shall be continued in violation of the provisions of this ordinance, after conviction.

STREET NOTICE.

EXTRACTS FROM THE CITY LAWS.

STREETS.—"Every owner or occupant of any house, building or vacant lot, or persons having the charge of the same, in any of the streets of this city, now paved, or which shall hereafter be paved (excepting such lots on which buildings are being erected, or on which materials for building or paving are laid), shall cause the street which any such house, building or lot may front, to the middle thereof, to be swept or scraped and the dirt or manure to be collected in heaps convenient to be carted away, at such times as now are or may hereafter be prescribed by the common council; and previous to its being swept or scraped, the same shall be suffi-

ciently sprinkled with water so as to prevent the dust from rising; any neglect or refusal to comply herewith, or any part thereof, the owner or occupant of any such house or lot, shall forfeit the sum of one dollar."

"Every owner or occupant of any house or other building, and the owner and proprietor, lessee, or person entitled to the possession of any vacant lot, and every person having charge of any church, cemetery, jail, or other public building in this city, shall, during the winter season, and during the time the snow shall continue on the ground, and by ten o'clock on every morning when necessary, keep the side walks and gutters in front of such house or other building, and in front of any such lot free from snow and ice, and shall, in case the snow and ice are so congealed that it can not be removed without injury to the pavement, cause the snow and ice to be strewed with ashes or sand; and shall, also, at all times keep such side walks clean and free from all dirt, filth or other obstructions or incumbrances, so as to permit citizens to use the said side walks in an easy and commodious manner; and every person neglecting to comply with this law, shall forfeit two dollars for each neglect or refusal; and the city superintendents, city inspectors, the police justices and constables are especially to see this law carried into effect."

"No person shall place any casks, wood, stone, planks, boards or other articles in any street, or on any side walk, so as to incommode or obstruct the free passage or use thereof, on pain of forfeiting for each offence, one dollar; nor shall any person, under a like penalty, push or draw any wheel barrow, or back, drive or lead any horse, cart or other carriage, over any such side walk."

CARRIAGES.—"No person shall suffer any wagon or carriage, without horses, to remain or stand in any street or lane for more than one hour (without a written permission from the mayor, recorder, or one of the aldermen), under the penalty of one dollar for each offence."

REFUSE OF COAL AND ASHES, &c.—"No person shall hereafter empty any straw bed, or throw any ashes, refuse of coal or vegetables, or any substance, upon any vacant lot, street, lane, square or park, or into any drain, pond or stream of water in the city of Albany, under the penalty of not less than two dollars nor more than ten dollars."

AWNINGS, &c.—"No awning shall be constructed or put in any street of the city at a greater height or elevation over the inside thereof, and next to the building to which the same is attached, than sill of the windows in the second story of such building; and if any person or persons shall erect any awning contrary hereto, he or they shall forfeit the sum of five dollars, and the further sum of five dollars for every day that he or they shall continue the

same, after notice from the police justice or any alderman to have the same taken down."

"No portion or part of any cloth or canvas used as an awning, shall hang down from the same, over the side walk or foot path, under the denalty of five dollars for each day's offence."

"No person shall suspend any goods, wares or merchandise, or other thing, at any greater distance than eighteen inches, in front of his, her or their store, nor place any goods, on any house, store or other building, wares or merchandise, or other things, at a greater distance from such house or store or other building, than four feet from the pavement, under the penalty of three dollars for each offence."

Notice is hereby given, that in accordance with the requirements of the City Laws, the owners or occupants of all buildings or lots in the *Second district*, are required to cause the streets in front of the same to be swept and scraped, in the manner provided in said laws, on *Tuesday* and *Wednesday* of each week, before eight o'clock in the forenoon. On *Tuesday*, all that part of the city lying south of Patroon and Quackenbush streets, to and including Maiden lane; on *Wednesday*, all that part of the city lying south of Maiden lane to and including Hamilton street, bounded on the west by Eagle street.

Notice is hereby given, that the above requirements will be strictly and rigidly enforced, without further notice.

May, 1854.

JOHN MORGAN, *Chief of Police*.

Fire Law relating to the City of Albany. Passed November 27, 1848. Amended December 23, 1850.

ARTICLE I.

SECTION 1. The Fire Department shall be organized by the Common Council, and shall consist of a Chief Engineer and five Assistant Engineers, to be distinguished as Engineers one, two, three, four and five, and of as many companies and members to each company as may hereafter from time to time be designated by the Common Council. It shall be the duty of the Engineers to organize themselves into a Board of Engineers, a majority of whom shall form a quorum, and they may make such rules and regulations for their own government, as they may from time to time think advisable, not inconsistent with any of the city ordinances and subject to the approval of the Common Council.

§ 2. All persons enlisted as either members or officers of the Fire Department, shall receive a printed or written certificate or warrant, in the following words, viz:

This certifies that A. B. is duly enlisted or appointed [Chief Engineer, Assistant Engineer, Foreman, Assistant Foreman, Clerk, Steward or member, of the Fire Department, as the case

may be], of the city of Albany, during the pleasure of the Common Council, and is entitled to all the immunities belonging to said office.

Given under my hand and seal, this day of
18 Signed, Mayor.

§ 3. It shall be the duty of the Chief Engineer, and the Assistants, whenever a fire shall break out, to take proper measures that the several engines and other apparatus be arranged in the most advantageous situations, and be duly worked for the effective extinguishment of the fire, and compel any person to aid in said duty; and it shall also be their duty to cause order to be observed in going to, working at, or returning from fires, and at all other times when companies attached to the fire department are on duty.

§ 4. The chief engineer, and in his absence the assistant engineers, according to their rank, and in their absence the Mayor or Recorder, and in their absence the chairman of the Engine Committee, shall have the sole command at fires over all members of the fire department, and shall direct all proper measures for the extinguishment of fires, protection of property, preservation of order and observance of the fire laws, ordinances and regulations. It shall also be the duty of the chief engineer to examine daily (Sundays excepted) the engine houses, engines, hose, hooks, ladders, and other fire apparatus, and to keep in a book or books, to be provided for that purpose, and to be kept in the office of the Common Council, a record of the condition in which said engine house, engines and other fire apparatus shall be found upon such examination; and also to keep a record of all violations of the city ordinances relating to the fire department, and the extinguishing of fires; and to furnish weekly to the police justice a transcript of such violation, together with the name or names of the person or persons committing such violations, if any; and also to keep an accurate record of all the enlistments, transfers, and resignations of firemen, as the same shall take place from time to time, and when certificates are required by firemen to furnish the same; also to keep a record of all fires which may happen within the city, with the cause thereof, as near as can be ascertained, and the description of the buildings destroyed or injured, together with the names of the owners or occupants. It shall also be the duty of the chief engineer, under the direction of the engine committee, to superintend in person and direct all ordinary repairs and work required to the engine houses, engines and all other fire apparatus, and the construction and erection of any new engine houses which may be ordered to be built; to examine and certify all accounts for repairs; and it shall also be his duty to report monthly to the Common Council, and oftener if required, the condition of the engine houses, engines and other fire apparatus, and recommend

such alterations and improvements therein as he may think necessary and proper.

ARTICLE II.

§ 1. No person shall be enlisted as a member of any company of the fire department, unless he shall have been recommended as a suitable person to be enlisted as fireman by the board of engineers, who shall examine as to the qualifications of the applicant, as prescribed by section 14, miscellaneous provisions.

§ 2. Each of the companies formed and enlisted by the Common Council, shall be under the control and direction of a foreman and one assistant, each of whom shall be nominated annually on the second Tuesday of November, by the company to which they respectively belong, and be recommended to the Common Council for appointment by the board of engineers, if they approve of the nomination; and any vacancies, when occurring, shall be filled in like manner; and each of said companies respectively, whenever a vacancy shall exist in the ranks, shall nominate for the consideration of the board of engineers such respectable and proper persons as apply for membership in said company, or a sufficient number of the same to supply such vacancy, and the board of engineers shall examine said candidates according to the requisitions herein prescribed, and if they approve of the nomination, recommend them for enlistment to the Common Council; and in the event of the neglect or refusal of any company to nominate as aforesaid, the board of engineers shall recommend to the Common Council for appointment or enlistment, a suitable person or persons to supply said vacancies.

§ 3. It shall be the duty of the foremen of the respective companies, to preserve order and discipline at all times in their companies, and require and enforce strict compliance with the city ordinances and the orders of the engineers.

§ 4. It shall be the duty of the officers and the members of the respective companies, whenever a fire shall break out in the city, or an alarm of fire shall be given, to repair forthwith to the houses where their several engines, hooks and ladders, or other fire apparatus may be, and to convey said engines, hooks and ladders and other fire apparatus, in as orderly manner as possible, to or near the place where the fire may be, and in conformity with the directions of the chief or assistant engineers, to exert themselves in the most orderly manner possible, in working and managing the said engines, hooks, ladders and other fire apparatus, and in performing any duty that they may be called upon to do by the engineer; and upon permission by the chief, or other engineer, shall, in an orderly and quiet manner return said engines and other fire apparatus to their respective places of deposit: provided, that in the absence of all the engineers, such directions and permission may be given by the mayor, recorder, or chairman of

the engine committees; or in case of their absence, by any two aldermen.

§ 5. It shall be the special duty of firemen to exert themselves to supply water for the engines, and as far as practicable, to protect the engine-men and other members of the department, from being interrupted in the discharge of their duty by the bystanders.

§ 6. The sextons of the several churches in this city, which now are or hereafter may be furnished with bells, who will, on the alarm of fire, repair to the several churches with which they are connected, and diligently ring the bells, shall be and are hereby appointed firemen, and shall be entitled to receive the sum of ten dollars annually.

MISCELLANEOUS PROVISIONS.

§ 1. If any person having charge of an engine or other fire apparatus, shall suffer or permit the same to be used at any time on a trial of skill, or of the power and capacity of the machine, or for any other purpose than as provided for by the laws of the Common Council, he shall forfeit and pay the sum of twenty-five dollars, and shall be liable also to be removed as a fireman; and any and every person aiding or assisting at any such trial of skill, or of the power or capacity of the machine, shall forfeit and pay a like sum of twenty-five dollars.

§ 2. In case any engine or other fire apparatus shall need any repair or other alteration, it shall be the duty of the person having charge of such engine or other fire apparatus, to forthwith report the same to the chief engineer; and any person having charge as aforesaid, who shall make, suffer, or permit to be made, any alteration of any engine or other fire apparatus, without the consent of the chief engineer, shall forfeit and pay the sum of twenty-five dollars, and be liable to be removed as a fireman.

§ 3. Any fireman who shall neglect to attend at fires, without an excuse satisfactory to the board of engineers, shall forfeit and pay for each offence, not less than one dollar; and any fireman who shall neglect to attend an alarm of fire, without a like excuse, shall forfeit and pay for each offence, the sum of fifty cents, and may also in each case be dismissed or discharged as a fireman.

§ 4. Any person who may repair to a fire shall be obedient to the orders of the magistrates and the chief engineer and assistant engineers, in the extinguishment of the fire and in the removal of property; and in case any person shall refuse to obey such orders, he shall forfeit and pay five dollars, or be imprisoned in the county jail for the period of ten days.

§ 5. It shall be lawful for the foreman of any fire engine or of any hook and ladder company, or any magistrate or chief engineer or assistants, or the mayor, recorder, or any alderman, to

require the aid of any citizen or inhabitant in drawing any such engine or hook and ladder wagon to the fire, or to any place near or about the said fire, and on neglect or refusal to comply with such requisition, the offender shall pay a penalty of five dollars, or be imprisoned in the county jail for the period of ten days.

§ 6. Any person who shall act or attempt to act as foreman or assistant foreman of any engine or hook and ladder company, without being so appointed, shall, for each and every time he shall act or attempt to act, be liable to a fine of not less than five dollars, nor more than ten dollars; but such penalty shall not be incurred by any fireman who shall act as foreman or assistant foreman of the company of which he is a member, during the temporary absence of the foreman or assistant foreman thereof.

§ 7. If any person or persons shall enter any engine or hook and ladder house in the city, in order to do any injury thereto, or to any of the apparatus for extinguishing fires, or shall injure or mutilate, at any time or place, any of the apparatus for extinguishing fires, or any of the public cisterns, hydrants or fire stops, now constructed, or to be constructed, or shall draw any water therefrom for any other purpose than for the use of the engines, or for examination of their condition under the direction of the water works company, such person, besides being liable for any such private injury, shall, on conviction thereof, be fined or imprisoned, or both, in the discretion of the court, provided the fine shall not exceed ten dollars, and imprisonment in the county jail not exceeding thirty days.

§ 8. It shall be the duty of the foreman and assistants of each fire company, and of the hook and ladder companies, to prevent their respective companies, when returning from fires, or from an alarm of fire, from running with their machines, and the members of any fire company, or hook and ladder company, are hereby required, when returning from fires, or from an alarm of fire, not to draw any machine to which he or they may be attached, faster than by walking with the same, and if any member or members of the company shall violate this ordinance, said foreman or assistant foreman shall report such violation to the board of engineers, and the person or persons violating the provisions of this section shall forfeit and pay a fine not exceeding five dollars for each offence, and be liable to be removed as a fireman; and any foreman or assistant who shall neglect to report any such violation, shall be liable to be removed as a fireman.

§ 9. No person or persons, other than the mayor, recorder, aldermen, chief engineer, or assistant engineers, unless he or they are members of one of the fire companies of this city, or of the hook and ladder companies, shall at any time enter either of the engine or hook and ladder houses or depot houses, without permission from the foreman having charge of such house, or his assistant, and

every person violating this law, shall, upon conviction thereof, be fined or imprisoned, or both, in the discretion of the officer or magistrate before whom the conviction shall be had, provided the fine shall not exceed twenty-five dollars, and imprisonment in the county jail not exceed thirty days.

§ 10. No fire engine or hook and ladder wagon shall, in going to or returning from any fire, or at any other time, be run, driven, wheeled or placed upon any side walk, except by permission of one of the engineers, the mayor, recorder, or one of the aldermen, under the penalty of twenty-five dollars, or ten days imprisonment in the county jail, for each offence, to be forfeited and paid by every person aiding or assisting in or consenting to the violation of any one of the provisions of this section, and shall also be liable to be removed as fireman. It is hereby made the special duty of the chief engineer and assistant engineers, and of the foreman and assistant foremen of companies, to report to the Common Council all violations of this section coming to their knowledge, and the name or names of the violators.

§ 11. No minor, nor any other person not a fireman, shall be permitted to enter any of the engine or hook and ladder or depot houses in this city, or to handle, meddle with, or touch any of the fire apparatus; and the parent or guardian of any minor or apprentice, who shall violate any of the provisions of this section, shall forfeit and pay the sum of five dollars for each offence so committed by such minor or apprentice; and the foreman, or any assistant, or member of any company, who shall permit any minor to enter any engine, hook and ladder, or depot house under his charge, or to handle, meddle with, or touch any of the fire apparatus under his charge, shall forfeit and pay a like sum of five dollars, or be imprisoned in the county jail for a term not exceeding ten days.

§ 12. The police constables, under a penalty of two dollars for every neglect so to do, shall attend all fires, for the protection and preservation of property, and prevent to the best of their ability, any goods or merchandize from being carried away, unless it be by the owner or by his authority; and the mayor, recorder, or any two aldermen, or the chief engineer, may, at their discretion, employ any responsible or reputable person to watch the fire after the engines have left the place of danger.

§ 13. The captains of the watch shall always have the names and places of residence of the chief engineer and assistant engineers, foremen and assistants of fire companies, captains and assistant captains of the fire police, and sextons of churches having bells, posted up in a conspicuous place in the watch-house; and whenever a fire shall happen at night, it shall be the duty of the watchmen immediately to give notice thereof to the chief engineer,

assistant engineers, foremen and assistants of fire companies, captains and assistant captains of the fire police, and to the sextons of churches having bells.

§ 14. No person shall become a member of the fire department unless he promises to perform the duties of fireman as prescribed by the fire ordinances of the Common Council; nor shall any person become a member of the fire department except such persons as are now members of the said department, unless he be a legal voter; nor shall any person receive compensation as a fireman, except the chief engineer, unless he has faithfully served as such at least six months, and the term of enlistment of all firemen shall be "during the pleasure of the Common Council."

§ 15. There shall hereafter be erected a suitable building, at some proper place, located near the centre of the city, for the purpose of a general depot and place where all fire apparatus, not in immediate use, shall be kept, and shall be under the direction of the chief engineer. Every engine shall be provided with eight hundred feet of hose, and shall always carry, and have attached to it, four hundred feet, and the other four hundred feet shall be at the general depot; and whenever any hose shall become dirty, or otherwise need repair, by use at any fire, the company to which it belongs shall, before going to their engine house, return said hose to the general depot, to be cleaned or repaired under the direction of the chief engineer, and said company shall take from said depot other hose in place or that left for repair.

§ 16. On the return of said engines and other fire apparatus, they shall by the stewards of said companies respectively, be well washed, cleaned, oiled and securely housed.

§ 17. Each company shall appoint a steward, and also a clerk. The steward shall be released from performing duty in time of fire, and in lieu thereof shall take charge of, and keep in order, the fire apparatus, house, and so forth, of the company of which he is a member, and clear away the snow from the sidewalk in front of the engine-house, and see that the engine and apparatus are ready for immediate use. The clerk shall keep a correct list of the appointments, transfers, regulations, attendance at fires, and so forth, of his company, and all other matters relating thereto, and make from time to time, reports, and so forth, to the chief engineer, as he may require; and for a neglect to perform this duty, said clerk may be removed as a fireman.

§ 18. Any fireman who, in consequence of sickness, is unable to perform the duties required, or who may wish to be absent from the city for a period of ten days or more, may furnish a satisfactory substitute to the chief engineer and the foreman of his company.

§ 19. Any person or persons who shall, during a fire, or at night, drive a cart, wagon, or other vehicle over hose, or shall in any manner, willfully injure any of the fire apparatus shall be liable to a fine of not less than one dollar nor more than twenty-five dollars.

§ 20. The chief engineer shall when on duty, wear a hat with a black brim and white crown, with the words "Chief Engineer," painted thereon; also, carry a speaking trumpet painted white, and the assistant engineers shall wear similar hats, and carry trumpets, with the words "Engineer No. 1, 2, 3, 4, 5," painted thereon; and the foremen, assistants, and members of the several companies shall wear similar hats, with appropriate words and figures thereon, designating the company to which they are attached; and the board of engineers shall prescribe some other badge to be worn by a fireman when attending duty without being able to procure the hat herein prescribed.

§ 21. The chamberlain shall pay to each of the firemen enlisted under the provisions of this act, while he continues and remains a fireman, at the expiration of every six months, the sum of fifteen dollars, and to the clerk of each company twenty dollars; said payments to be made upon the certificate of the chief engineer, that the person applying for the same has fully and faithfully performed his duty as fireman for the preceding six months. The chamberlain shall pay to each of the assistant engineers fifty dollars at the end of every six months; and to the chief engineer, provided he devote his whole time and attention to the interests of the fire department, seven hundred dollars per year, payable quarterly.

§ 22. Any member of any company who shall neglect or refuse to comply with the several provisions or requirements of this ordinance above specified, and to which no penalty is attached, or who shall be guilty of any riotous or disorderly conduct, while engaged in his duty as a fireman, shall forfeit and pay a sum not exceeding twenty-five dollars, or be imprisoned in the county jail for a period not exceeding ten days; and any member of any fire company who shall neglect or refuse to comply with the several provisions and requirements of this act, or who shall be guilty of any riotous or disorderly conduct as aforesaid, shall also be liable to be removed as a fireman, and forfeit the compensation then due to him as such fireman.

§ 23. All fines, penalties, and forfeitures incurred by this and the preceding chapter, shall, when collected, be paid to the chamberlain for the use of the city.

Williams's Patent Black Varnish.

IMPORTANT TO STEAM BOAT OWNERS, MACHINISTS
MANUFACTURERS, &c.

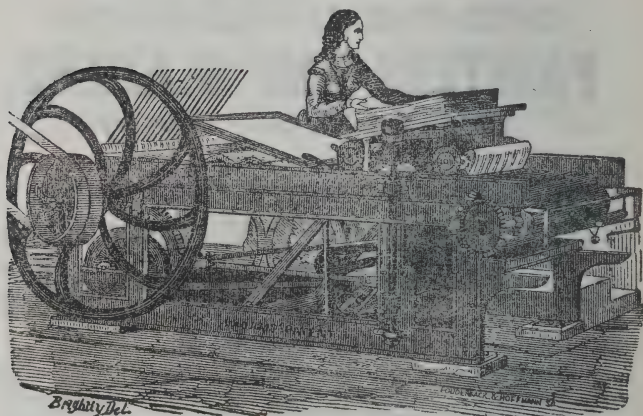

WILLIAMS'S PATENT IMPERIAL BLACK VARNISH, for the prevention of rot in wood, rust and corrosion in iron, tin, &c., is allowed, by all who have used it, to be the best article now in use, or ever invented, for the above named purposes. It has been used on the boats of the different ferry companies of New York, Brooklyn and Albany; also, at all the principal foundries of New York and elsewhere, and they all agree in their recommendations of it. On the score of economy, it is cheaper than paint, one coat of it being equal to two of paint. It is an excellent article for the preservation of tin roofs, as it lasts longer than any paint which can be used for the purpose.

DR. CHARLES W. HEALD, M. D.,
Office No. 65 Lydus St.,
(Corner of Green street, in the Basement),
ALBANY, N. Y.

NEW YORK
MERCANTILE CARDS,
FOR 1854-5.

SEE INDEX ON TENTH PAGE.

LYON'S MAGNETIC POWDER,

FOR THE

DESTRUCTION of INSECTS.

Without poison, has been for many years a standard article throughout the U. States, as well known and as regularly in demand by house keepers as any merchandise of the first necessity, used for domestic purposes. It has been submitted during this time, for analysis and experiment to the first scientific men in Europe and America; to the Medical College of New York; to distinguished chemists in France, England and Germany; at the World's Fair in London, held in 1851; at the international exhibition in the Crystal Palace, New York, opened in 1853; at the great Belgian Exposition, held 1847. During this time the inventor and proprietor, EMANUEL LYON, has been honored with Four National Medals, and the Powder has received the Autograph Endorsement of the President of the United States, Prince Albert, and thousands of leading citizens in every department of business throughout the Union. The Powder has been declared by eminent chemists of all countries, free from poison, and entirely innocuous; while thousands of letters testify that it immediately and infallibly destroys BEDBUGS, COCKROACHES, MOTHS, FLEAS, ANTS, FLIES, MOSQUITOES, PLANT INSECTS, VERMIN ON FOWLS AND ANIMALS, and every other species of insects, with which its particles come in contact.

In consequence of the article being extensively counterfeited it is necessary to caution the Public not to purchase any packages purporting to contain LYON'S MAGNETIC POWDER, which are not verified by a FAC SIMILE of his signature upon the label. A new lithographed label, similar to the heading of this advertisement, is now in preparation, and will be ready in the month of August.

LYON'S MAGNETIC PILLS.

For the destruction of RATS and MICE, will exterminate these Vermin, however numerous they may be, within twenty-four hours, in any private dwelling, store, warehouse, outhouse, barn, &c., where they are placed.

Principle wholesale and retail depot for LYON'S MAGNETIC POWDER and PILLS, 424 Broadway. Sold by all respectable druggists in the United States. Retail price, 25 cents per flask or box, with a proportionate reduction to whole

D. M. KNIGHT & CO.,

No. 53 Cedar Street, Up Stairs New York.

A CARD FOR THE PUBLIC.

A new feature in daguerreotypes has recently been introduced by

BRADY.

AT HIS

Old Gallery, 205 Broadway,

CORNER OF FULTON STREET.

The extent of his establishments enables him to produce for
50 cents and \$1,

pictures of a quality infinitely superior to the phantoms usually designated cheap pictures. This is a new feature in first class establishments, and the fame of the artist is too well known to doubt its success.

The public can now rely on obtaining as good a picture for that price as can possibly be put up, and a far better picture than can be obtained elsewhere at the same rates.

BRADY'S NEW GALLERY,

359 BROADWAY,

Over Thompson's Saloon,

is fitted up with great taste and beauty, and possesses greater facilities for the production of

FIRST CLASS PORTRAITS,

than any similar establishment in America.

These galleries form an elegant resort for persons of taste, containing as they do the largest collection of distinguished portraits in this country.

Prize medals were awarded to Brady at the World's Fair in London, 1851, and at the Crystal Palace in New York, 1853.

BRADY'S DAGUERREAN GALLERIES,

SELPHO'S
PREMIUM ANGLESEY LEG,

Made solely by WM. SELPHO, No. 54 Spring street, New York. The subscriber, from an experience of twenty years in Europe and this country, added to a thorough practical knowledge of his art, is enabled to offer this substitute for a lost limb, as the best the world affords.

Reference to Prof. V. MOTT, and other eminent Surgeons in this city. Also,

SELPHO'S ARTIFICIAL HAND,

An entirely new and useful substitute for a lost hand, so arranged that the wearer can open and shut the fingers, grasp, &c., by means of the remaining stump. Further information on application, or by letter (post paid), attended to.

THE ATLANTIC RAILING WORKS AND FOUNDRY

Manufacture the well known

"COMPOSITE IRON RAILING,"

which is so called because composed of Wrought and Cast Iron, connected without rivets or joints, the ornaments and connections being melted around the Wrought Iron in Metallic Moulds, making each pannel, as it were, ONE SOLID PIECE, and avoiding all crevices where rust generally commences. It may be made light like Wire Railing or heavy like Cast Iron Railing. This railing is unequaled for cheapness, strength and durability, and is peculiarly adapted to Cemetery Lots, because it never needs repairs.

Also, a new style of Farm Fence, at \$5 per 16 feet, easily transported and set, and very much liked. Also, all kinds of Wrought and Cast Iron Fences, Verandahs, Balconies, &c. Machinery and other castings to order.

• Designs and any further information sent to any address, post free, by
